Dear Mr Wood:

We welcome you to membership in the Council for Civic Unity. Enclosed is your certificate of membership.

We do hope you will be able to participate actively in the Council's work, for, as you know, our task is great, and there are many urgent community problems calling for study and positive action. If it is possible for you to devote a few hours each month, you may wish to engage in one or more of the activities indicated on the enclosed slip. We should appreciate your filling it out and returning it to us.

You now have a voice in Council affairs; please do not hesitate at any time to tell us your suggestions or criticisms concerning our program.

Sincerely yours,

EDWARD HOWDEN
Executive Director

COUNCIL FOR CIVIC UNITY of San Francisco

21 August 1947

Dear Fred:

Thanks for your expression of interest in occasional special research for the Council and for the abstract of your paper on the history of electro-magnetic theory which you sent to me with your Volunteer Activity form. The abstract is on my list of "must" reading for this coming week.

We shall, of course, let you know when we have a research job on tap which might not require too much of your time.

With best wishes,

Cordially yours,

EDWARD HOWDEN
Executive Director
